COURTS CONVEENE

Circuit Court—First Monday in
February, June and October.
Chancery Court—Fourth Monday in
February and August.
County Court—Quarterly Term, con-
venes second Monday in January,
April, July and October.

Wednesday, May 11, 1921.

Senator George W. Poague, of
Graysville, is here shaking hands
with his friends.

Senator Poague has made a most
enviable record in the last legisla-
ture, especially for one serving his
first term.

His district consists of seven coun-
ties, one of the largest in the state.
He had seventy private or local bills
passed for the seven counties aside
from doing his full part in general
legislation for the state as a whole.

Every law that he was requested to
pass for this county went through on
schedule time, except one, which reach-
ed him so late that its most ardent
supporters had no hope of its becom-
ing a law. Our people are highly
pleased with the work of Senator
Poague and should he aspire to the
place two years hence, he will receive
very strong support by the voters of
Cumberland County.

Our people have learned to admire
Senator Poague because they find
that his pre-election promises were not
made simply as vote getters but were
made with the fullest expectation of
living up to them in their entirety.
During his short campaign in this
county last fall he rapidly won the
confidence of our people and it is very
gratifying to know that he was true
to every promise and in no way be-
trayed even a single hope aroused
in the minds of our people.

He has aroused a confidence among
our people that will be enduring and
is sure to be shown in a strong and
united support, should he seek re-
election.

Cumberland county has been very
fortunate in securing representatives
in the legislature for the past few
terms. Our flatorial representative,
Hon. E. C. Norvell, has served us three
consecutive terms and stands now
stronger and more admired by our
people than ever before.

Every request made of Representa-
tive Norvell by our people met with a
most hearty and effective response.
His long service has given him a
knowledge of methods and means by
which his desires may be reached that
few men have enjoyed. His course
has been so universally clean and fair
that he has won the confidence and
fellowship of many of his democratic
colleagues. By that means he has be-
come one of the strongest and most
effective workers in our general as-
sembly.

Our people have unbounded confi-
dence in his honesty and recognize
that in ability he stands among the
ablest men who have graced the legis-
lative halls of Tennessee in the past
decade or longer. Should he aspire
to the place at the next election, he
will find the voters of this county
"going down the line" for him with
the greatest enthusiasm.

The national government has paid
out nearly two billion because of our
experiment in attempting to have the
government run the railroads. Nor
is that all, there is another little item
remaining to be paid that amounts
to nearly a half billion.

What a fine thing it would be for the
government to run all national enter-
prises and lose money like that.
Where would the people get off, any-
way?

DELINQUENT TAX-PAYERS, TAKE NOTICE.

On the First Monday in June,
next, I will turn over to the Com-
ptroller of the Treasury, a list of all
delinquent real estate taxes as
shown by the records in my office,
and on said day, under the law an
additional penalty of 5 percent will
accrue on the gross amount of tax-
es, interest and penalties now pro-
vided by law.

The following is a list of such
delinquents, the District in which
the property is situated and number
of acres in each tract as follows:

FIRST DISTRICT.
